A large grid area for writing answers. The grid is composed of a 12x12 grid of squares. The left and right edges of the grid are marked with numbers 6 through 12. Each number is placed next to a solid grey vertical line that has a small circle at its top and bottom. To the right of each solid line is a dashed vertical line, and further right is another solid vertical line. Small squares are located at the intersections of the dashed and second solid lines in each row.

The image shows a 24-hour clock layout. On the left, a vertical grey bar contains numbers 6 through 12, with dots between them. On the right, another vertical grey bar contains numbers 12 through 18, also with dots between them. Each number is aligned with a horizontal dotted line. Between these two bars, there is a large area of a dotted grid for taking notes. In the first column of this grid, there are small square checkboxes: one at the 6-7 hour mark, and a vertical column of ten checkboxes from the 7-8 hour mark down to the 11-12 hour mark. Similarly, on the right side, there are checkboxes: one at the 12-13 hour mark, and a vertical column of ten checkboxes from the 13-14 hour mark down to the 17-18 hour mark. The bottom of the page is a solid grey bar containing the date and page number.
