The calendar grid is composed of a grid of small squares, with a horizontal line and two dots on each day's column. The header row is shaded in a light brown color. The main grid area is white with a light gray dotted background. The dates and days of the week are printed in the header row, and the rest of the grid is empty for scheduling.

The calendar page consists of a grid for planning the week. It is organized into seven columns, one for each day from Monday to Sunday. Each day's column contains a grid of 28 small squares, which are arranged in two rows of 14 squares each. This grid structure is overlaid with a larger grid of solid and dashed lines. Two horizontal lines, one solid and one dashed, run across all columns. Two vertical lines, one solid and one dashed, run down each column. The solid lines intersect at the center of each 28-square grid, while the dashed lines intersect at the corners of each 28-square grid.
